

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of every international industry. Transporting industrial goods happens every day on our busy world. First innovated as industrial vehicles in the 1930s in the United States, lift trucks gained recognition following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM began constructing forklift manufacturing sites outside of Japan during the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes several models of industrial trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
